ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

3-C Ranch

AMERICAN SMELTING AND REFINING COMPANY
Tucson Arizona

February 14, 1964

Mr. Kenyon Richard, Chief Geologist
American Smelting and Refining Company
120 Broadway
New York, N. Y. 10005

Dear Sir:

This transmits Mr. Kinnison's report on the 3-C Ranch in the Oracle Area about 6 miles south of San Manuel. Mr. Kinnison concludes, and I concur, that the mineral prospects that exist on the Ranch are too small to be of any interest to the Company.

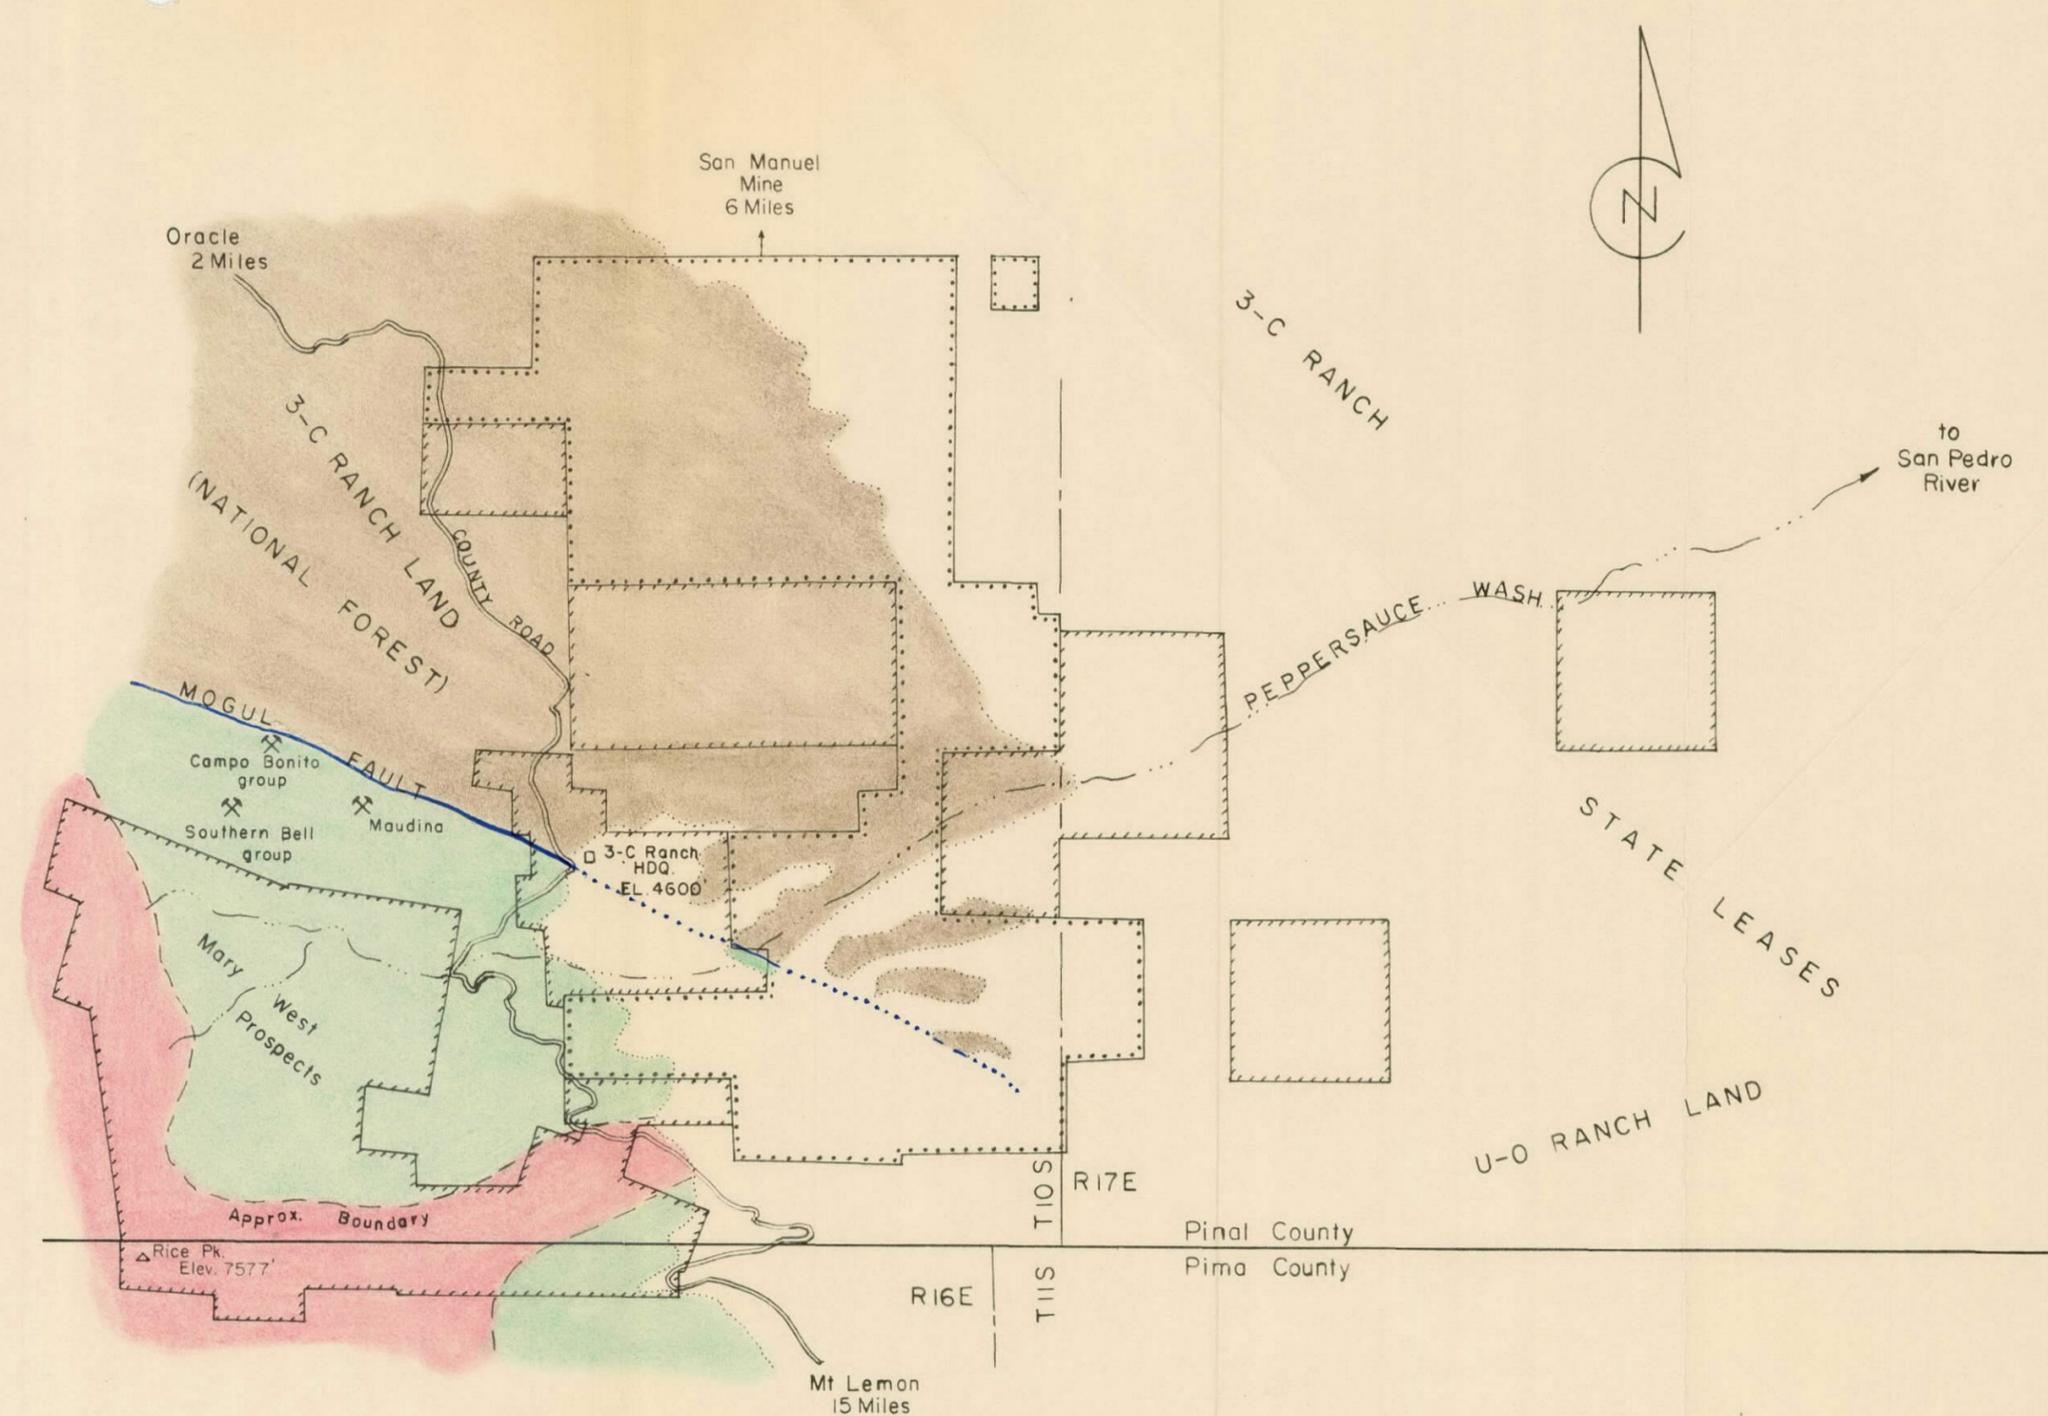

It is to be noted that Mr. Gardner, local real estate agent, expressed his dissatisfaction with what he termed as a lack of thoroughness in the examination and stated his intention to submit the property to ASARCO through Mr. Halmie or Mr. Herman in New York.

Yours very truly,
