The following file is part of the
James Doyle Sell Mining Collection

ACCESS STATEMENT

These digitized collections are accessible for purposes of education and research. We have indicated what we know about copyright and rights of privacy, publicity, or trademark. Due to the nature of archival collections, we are not always able to identify this information. We are eager to hear from any rights owners, so that we may obtain accurate information. Upon request, we will remove material from public view while we address a rights issue.

CONSTRAINTS STATEMENT

The Arizona Geological Survey does not claim to control all rights for all materials in its collection. These rights include, but are not limited to: copyright, privacy rights, and cultural protection rights. The User hereby assumes all responsibility for obtaining any rights to use the material in excess of "fair use."

The Survey makes no intellectual property claims to the products created by individual authors in the manuscript collections, except when the author deeded those rights to the Survey or when those authors were employed by the State of Arizona and created intellectual products as a function of their official duties. The Survey does maintain property rights to the physical and digital representations of the works.

QUALITY STATEMENT

The Arizona Geological Survey is not responsible for the accuracy of the records, information, or opinions that may be contained in the files. The Survey collects, catalogs, and archives data on mineral properties regardless of its views of the veracity or accuracy of those data.

Kate B Claim (parcel)
Sec. 33, T13N, R1W
North of Walker
Yavapai County, AZ

Dear Mr. and Mrs. Pax:

I thank you for your time in showing me the Kate B area north of Walker.

Although the Kate B vein and cross-vein is undoubtedly a portion of the extensive Northeastery vein system, as described in USGS Bulletin 782, pages 109-113, for the Sheldon, Mudhole, Amulet, Victor, Pine Mountain, and Mark Twain mines in the Walker Mining District, their thin and discontinuous nature is not what our group wishes to explore.

Your "D" portion of 1.6 acres remaining of the Kate B claim and the nearness of homes in the area is also a detraction for exploration and mining.

Thank you again for bringing the area to the attention of ASARCO.

Sincerely,

James D. Sell
